Oi Khodyt Son Kolo Vikon

Ой ходить сон, коло вікон.
А дрімота коло плота.
Питається сон дрімоти:
"Де ж ми будем ночувати?"

Де хатонька теплесенька,
Де дитина малесенька,
Туди підем ночувати,
І дитинку колисати.

Спати, спати, соколятко,
Спати, спати, голуб'ятко.[

The dream passes through the window.
Sleep near the fence.
The dream asks sleep:
"Where are we going to spend the night?"

Where the house is warm
Where the child is small
we will go there to spend the night,
and cradles the baby.

Sleep, sleep, hawk,
Sleep, sleep, dove.
